Ahmed Mohamed Aldhalei
Chief Executive Officer

“

I am so proud of our accomplishments as individuals and as a team, our journey began with a dream to serve and be a valuable partner of the oil & gas and construction industry. Growing up the impact of astonishing high risers in our lives and the beauty of monuments we adore has always inspired me to be a humble part in its growth and development.

Our expansion in Saudi Arabia is not only exciting but gives me immense satisfaction, with challenges lying ahead and what we can achieve through our hard work and determination and in our goal of being a reliable and trusted contributor as a prominent rental equipment provider and material supplier in the region.

I believe our individual goals if collectively put to achieve a singular result then we can create remarkable milestones while discovering our own individual capabilities along the way.

I would like to express my gratitude to all our clients for believing in us and my team for delivering exceptional work. Now is the time to brace ourselves for the trust and challenges that would put on us, work hard, learn and enjoy the journey.

”

ABOUT US

Welcome to Arab planet Contracting Company, established in the year 2012 in Abu Dhabi, UAE. Our cost-effective services and state of the art heavy equipment machineries have allowed us to be one of the most trusted Names in the Industry. As a part our expansion and a testament to our success, we have opened a branch in Al Jubail, kingdom of Saudi Arabia in 2021.

With overall experience of 12 years in the heavy equipment rental industry, we are excited to serve the industries of Saudi Arabia with the same passion and integrity that has brought us and our client's tremendous growth and prosperity.

Additionally we have a sister concern company by the name 'Royals group' Located in Abu Dhabi, UAE.

OUR VISION

Long term goals lead to long term success, we envision ourselves to be one of the leading heavy equipment rental provider Company in the Middle East. An industrial leader with unwavering determination who thrives on innovation and technology, safety through excellence and commitment through vigor. A vision where customer fulfilment perpetuates, the vision to be one-stop-shop Company for all the client needs, Our vision is NOW

OUR MISSION

To deliver on expectation is of utmost importance to us, with Technology being in the state of constant upgradation we strive to meet and maintain every industrial standards and deliver the best possible technologically updated rental equipment's and manpower to our clients thus improving work standards and offer finest safety for the workforce.

CORE VALUES

OUR SHARED VALUES AND COMMITMENT IS A GUIDING LIGHT IN CREATING A BETTER FUTURE FOR BOTH US AND OUR CLIENTS.

HONESTY

Clear communication and prompt deliverance is a virtue we whole heartedly believe in. Growth of our organization as a whole depends on being proactively involved in executing the commitment we made to our client partners. We at Arab Planet believe in serving with utmost honesty and integrity.

SAFETY

A safe and assured work environment is vital for any project to succeed, our tested and fit for duty equipment's assure a guarantee of safe and uninterrupted progress of work. We train our people on safety and under our 'unique to individual' skills program we train our people on specialized equipment's and in various working environments. So, our client partner can rent and hire project ready equipment's and labour.

CREATIVITY

We relish challenges, High standards of delivery requires our people to dig deep innovatively and come up with implementable solutions that can solve broad range of problems, we learn, share and implement our knowledge across our business which helps us attain high standards of industrial deliverance.

PEOPLE

Human resource is the single most important part of our business. Our hiring process is unique and we constantly hire talented people from different backgrounds and continuously work on their training and development to create a world class working environment where team-building and creating collaborative problem solving solutions have become a part of our work culture.

FINANCIAL RESPONSIBILITY

We at Arab Planet understand the cost and needs of our clients. Our inclination to provide an affordable and cost manageable solution have reflected in our success as an organization, we closely work and review our client partner work at different stages of a project and present them with financially feasible solutions which work both for US and our client.
